

Verizon Wireless Netbooks

“Know It All” – Indirect Sales

Netbooks activated on America's Largest and Mobile Reliable 3G Network provide the value of mobility while on the go and cost-efficiency of a Wi-Fi or Ethernet connection when in a hotspot or home network. GlobalAccess keeps users connected, informed and entertained when roaming internationally in 175 destinations! More Connected. More Portable, More Affordable than a traditional laptop.

Must Know

- **Connectivity** - Mobile Broadband, GlobalAccess, Wi-Fi, and wired Ethernet
- **Capabilities**

Computing Activity	Netbook Experience
Email	View, edit, create email messages with attachments
Web Surfing	Full web experience for browsing favorite information and entertainment web sites
Instant Messaging & Social Networking	Keyboard (92% full-size) and webcam enhance user interaction
Music, Videos, & Movies	Play music downloaded from Rhapsody®, SD card, or USB CD/DVD external drive
Videos & Movies	Playback videos and movies downloaded via SD card or USB CD/DVD external drive
Photos	View and Create albums; transfer via SD card
Microsoft Works®	View, but not edit Microsoft Word and Excel files

- **Pricing** – See your inventory line-up pricing options
- **Right Device for the Right Person?** – No optical drive (for CD/DVD activities), smaller processor limits multitasking, impacts 3D online gaming experience and the ability to edit photos and videos
